REESOL Online

Reading Endorsement

Created for ESOL endorsed or certified educators seeking Florida's K-12 Reading Endorsement, the Beacon Course provides an understanding of reading as a process of student engagement in the construction of meaning. Participants demonstrate substantive knowledge of language structure, cognition, and differentiated instruction for each of the components: phonemic awareness, phonics, fluency, vocabulary, and comprehension. Reading assessments are used to screen, diagnose, monitor progress, and determine outcome measures.

Beacon offers a complete online solution for educators qualifying for the REESOL option. See the chart below for the Beacon program components.
