

CTE NEWSLETTER

Just the Facts: 81% of high school dropouts say real-world skills education would've kept them in school and for every \$1 of government funding in CTE, taxpayers earn as much as \$12.20 in benefits in return.

DECEMBER 2018

#850STRONG

Chef Bailie is the December CTE Focus

Chef Bailie came to Bay High School to last year to lead the Culinary Program and has done an amazing job! He has motivated his students to cook "with passion." This year after Hurricane Michael, Chef Bailie wanted to do something special for the Bay High Family of Schools and their families and so the "Bay High Community Thanksgiving" was born. He saw this as an opportunity for the Bay High Culinary Students to organize and carry out a project that was positive and showcased the resilience and caring of our community. He was the major impetus behind the event and was joined by other Bay District School culinary programs, volunteers and community members. This Thanksgiving extravaganza received nationwide coverage from ABC - Good Morning American on the "Tell TJ Segment with TJ Holmes and our local WJHG, WMBB, the News Herald and BDS Communications Department. There was entertainment for the event offered by: Anthony Peebles, Cori and Kelly and Will Thompson. There were amazing and large food donations and refrigeration facilities offered by companies and individuals including but not limited to: Nestle Corporation; Piggly Wiggly Food for Less (owners Cody and Mark McDaniel); Uncle Pete's Caribbean Shack - (Just the Cook - Ernie Hall); Beef O'Brady's PCB - Lindsey Mitchell; Captain Anderson's; Hammerhead Fred's; Todd Herenden Dinner Theater; Tarpon Dock Seafood; In Faith Community Foundation; Po Folks; Woodham Tent and Event Rentals; Reinhart Foodservices; Lewis Bear Company; Chartwells; Downtown Improvement Board - Daric Freeman; and Texas Roadhouse. A big thanks to Chef Bailie and his Culinary Program for organizing and carrying out this wonderful community event. **A special thanks to his amazing family who was there with him every step of the way!

UPCOMING DATES AND EVENTS

TE Leadership Meeting December 5th at 1pm.

CTE High School Meeting December 6th at 12:30.

CTE Middle School Coding Training Curriculum Development December 11th.

CTE Testing Training will be on going thru December 14th - this training must be completed before students can test.

MAKING DO

I want to say thank you to all of our CTE Programs that are sharing resources between middle and high schools and for the amazing way that you have worked without internet, streaming, textbooks, computers etc. and are still providing amazing instruction for our students. Below is a picture sent to me of Chef Redd teaching class in a portable with a temporary "cooking station" for students.

My hat is off to each of you for your flexibility, resilience and nurturing spirit as you focus on our students.
