

REQUEST FOR PROPOSAL

Bay District Schools is requesting proposals from firms to provide professional support for the District Facility Department. The professional support will include annual fire safety, casualty and sanitation inspections, code compliance inspections; plans review; maintenance project inspections; property management and construction management and support for planning and program activities. Proposals cannot be from firms that have or expect to have architectural or engineering design work with Bay District Schools.

Personnel supporting the District in areas of inspections and plans review must be registered architects or engineers or licensed under Chapter 468, F.S. It is acceptable for firms submitting proposals to use persons who are licensed in more than one area.

The contract will be for one year (July 1, 2021 to June 30, 2022) with four renewal options.

Proposals will be received in the Facilities Department of the Nelson Building until 3:00 CST on May 24, 2021.

A pre-proposal conference will be held at 2:00 CST on May 18, 2021 in the Staff Development Lab of the Nelson Building. All interested firms are invited to attend.

All interested parties should contact the Facilities Department at (850) 767-4205 for the required proposal format, description of scope of work and status of the projects.

Bid Award will go to the June 8th Board Meeting
